Office Memorandum • UNITED STATES GOVERNMENT

TO : The General Counsel

DATE: 10 January 1951

FROM : Assistant Director for Operations_{25X1}SUBJECT: Proposed Memorandum of Advice to
in Connection with the Reporting of Income Received by Field
Contacts in Payment for Services.

The enclosed is a rough draft of a memorandum prepared by Mr. Ashcraft following his conversation with you on the tax reporting problem which has arisen in connection with our occasional payments to field contacts for services. He has kept this in general terms because the circumstances surrounding each transaction, and the sensitivity of each contact, varies so considerably. I would greatly appreciate having your comment or approval.
